**RESPONSIBILITY AND PASSION**

Bernhard Firner, Stefanie Firner und Andreas Müllerleile

Into the future with  
twice the force

PRECISION MEETS PERFECTION

## THINGS GROW TOGETHER THAT BELONG TOGETHER.

Firner Trautwein – two experts join forces to create complex turned parts. For years, we have enthused customers around the globe with the absolute precision we achieve for them, coupled with a receptive attitude to any wishes they may have. You see, we are never satisfied until everything is settled to perfection!

Bernhard Firner,  
Managing Director

## WHAT FIRNER TRAUTWEIN MEANS FOR YOU

Firner Trautwein – the merging of two routes to success. What does that mean for you as a customer? Quite simply, even more options are available to you.

Through this union of two experts in the field of precision components, we can offer you an even broader range of products, with immediate effect and featuring solutions involving an incredibly diverse range of machining materials, all manufactured on machines in our modern production facility. Even higher output levels, even greater reliability, and even more flexibility – you stand to benefit from this!

Regardless of the sector involved: With us as a partner, you can depend upon even complex workpieces turning into reality.

At Firner Trautwein, we combine technological expertise with the very latest of production facilities and a broad wealth of experience – and do all of that twice over! That is because, for us, every precision turned part we create is the outcome of a close dialogue. You see, we view ourselves not only as a manufacturer but also, and above all, as a problem solver and as a partner. What can we do for you?
